

Hooped Perimeter Barrier

60mm Diameter

Galvanised, Removable

Perimeter Barriers are designed to help secure site perimeters and provide a permanent obstacle to vehicle access, to mark boundaries, define trolley parks and protect vulnerable door entrances and exits.

Suited to sites where aesthetics and security are equally important, perimeter barriers are commonly found outside car showrooms acting as protection for the cars on the forecourt without impeding a customer's view of the vehicles.

Available in a variety of heights and widths, available as concrete in, bolt down or removable for occasional access.

Galvanised, Stainless steel, galvanised and colour coated available.

Part Number	Description, Height above ground x overall width	Weight (kg)
138 176 038R	500 x 750 Galvanised - Removable	16kg
138 176 044R	500 x 1000 Galvanised - Removable	17kg
138 176 051	500 x 1500 Galvanised - Removable	19kg
138 176 057	500 x 2000 Galvanised - Removable	22kg
138 176 063	750 x 1000 Galvanised - Removable	19kg
138 176 071	750 x 1500 Galvanised - Removable	22kg
138 176 077	750 x 2000 Galvanised - Removable	24kg
138 176 084R	1000 x 1000 Galvanised - Removable	22kg
138 176 090R	1000 x 1500 Galvanised - Removable	24kg
138 176 099	1000 x 2000 Galvanised - Removable	26kg

Product details

- 3mm wall thickness
- Removable, secured with padlock (optional extra)
- Colour coated options available extra

Installation & use

Bolt down to a suitable concrete surface.

Telescopic, removable and concrete in are supplied with welded fixing spikes to ensure firm ground anchorage into concrete.

Telescopic, removable and concrete in require a suitable excavated hole for installing into concrete.

Products are guaranteed for 12 months (if installed and used correctly).
