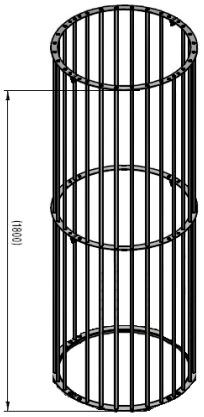
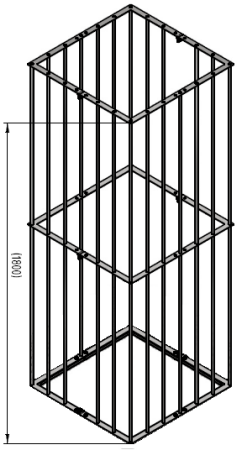
Tree Guards
Galv & Black





An AUTOPA Tree Guard is an essential part of an urban landscape. Manufactured from galvanised mild steel, these guards will help preserve and protect trees. The contemporary styling makes them ideal for use on any site.

Supplied in two parts and are joined either using bolts. AUTOPA Tree Guards can be used in conjunction with AUTOPA's Tree Grilles.

Galvanised and powder coated black as standard.

Pictured is the Tree Guard with an AUTOPA Tree Grille (available extra).

Part Number	Description	Weight (kg)
138 124 501B	450 Aperture - Round	26kg
138 124 502B	450 Aperture - Square	33kg
