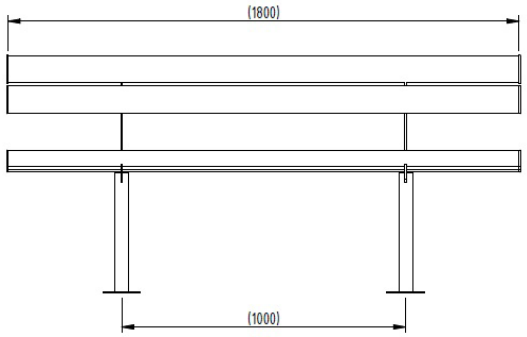
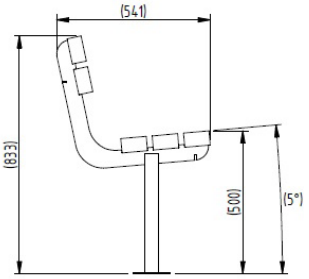
Triton Seat
1800mm
Galvanised or Galvanised & Colour





With a simple and traditional design, the Triton Seat from AUTOPA is perfect for use in busy public spaces like schools, parks and playgrounds. Manufactured from galvanised mild steel, this robust range will complement any site, looking good for many years with only minimal maintenance.

The Triton Seat is supplied in galvanised mild steel. Galvanised and powder coated is an optional extra (RAL number must be stated at time of order).

Available concrete in and bolt down.

Part Number	Description	Weight (kg)

Product details

- 1800mm x 541mm x 833mm (length x width x height)
- 500mm (seat height)
- Complete with plastic end caps
- Concrete in 300mm (below ground)
- Round flange plate – 133mm x 5mm
- Each seat requires 6 x 12mm bolts

Installation & use

Supplied fully welded for easy installation on site.
Bolt down versions require bolting to an appropriate concrete surface by means of 12mm bolts.
Concrete in versions require an excavated hole for installation.
Clean off any concrete splashes after installation. Always allow sufficient time for concrete to cure before usage.
These products are guaranteed for 12 months (if installed and used correctly).
